

Finally, a service provider that helps
collect your Association Dues

NO DUES. NO SERVICE.

It's amazing how fast people find the money to pay their Association Dues when their Cable TV, Internet and Phone services are shut down.

OpticalTel has been helping Associations collect Delinquent Dues by shutting off services. You simply send us a list of past due accounts and we will shut their services off within the hour. Then as units pay, you send us an email and we will restore their services in minutes. All this at NO COST to you.

Our results show that virtually all occupied units pay WITHIN DAYS!
